LEGACY FOUNDED

BUILDING THE FUTURE OF **STRUCTURAL REINFORCEMENT**

HKP STEEL PVT. LTD.

## OUR LEGACY & VISION

### SINCE 1971

We are pleased to introduce ourselves as leading Iron & Steel Traders & Suppliers in Gujarat since **1971**. Founded by our grandfather with a clear and resolute vision, the family business was built on the foundation of becoming India's most trusted, dependable, and ethical supplier. We are known today for our absolute commitment and trustworthiness towards all our customers, treating every partnership as an extension of our own family values — a philosophy that continues to guide every transaction, every relationship, and every ton of steel we deliver.

Today, formally incorporated in 2023, **HKP Steel Pvt. Ltd. (C/O Paresh Steel Traders)** stands as a monumental testament to that original vision. Over the years, we have forged strong relationships with manufacturers, suppliers, and clients to maintain the highest standards in the steel market.

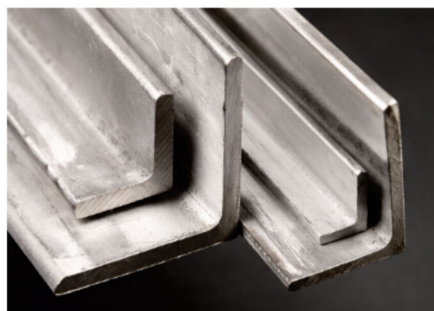

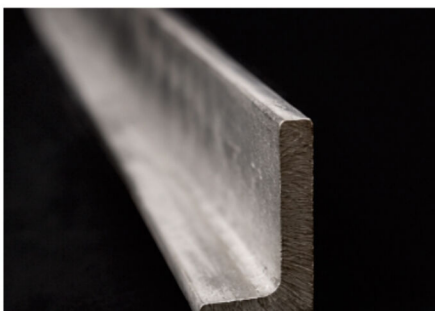

**HKP STEEL AHMEDABAD FACILITY**

“

*Trust has been our strongest asset for generations. Our objective is not merely to sell steel, but to create a sustainable market through approvals, specifications, broad distribution, and long-term customer development.*

— THE FOUNDING FAMILY, HKP STEEL

”

## LEADERSHIP & INDUSTRY STANDING

The success of HKP Steel is driven by a dynamic Board of Directors who combine decades of traditional market wisdom with modern corporate governance.

**MR. PARESH LALCHAND SHAH**  
DIRECTOR

**MR. HARSH PARESH SHAH**  
DIRECTOR

**MR. KARAN PARESH SHAH**  
DIRECTOR

Our family has actively contributed to the structural growth of Gujarat's steel trade, and we have been immensely privileged to serve as the **Chairman of the Iron & Steel Federation of Gujarat.**

Today, our diverse product offerings and services are widely **acclaimed and appreciated by actual users, including Government Departments, Corporate bodies, and various Private Sector entities.**

# AUTHORISED DISTRIBUTORSHIP

## WELSPUN SHIELD TMT BARS

HKP Steel is an authorized distributor for **Welspun Shield Extra Ductile Fe 550 / Fe 550D TMT bars**. These thermo-mechanically treated reinforcement bars are specifically engineered to deliver exceptionally high yield strength coupled with extra ductility for modern RCC design.

### TECHNOLOGY & KEY FEATURES

#### High Strength & Ductility

Optimised for heavy loads and seismic resistance, with a tough outer martensitic layer and a softer, ductile core.

#### Anti-Corrosion Assurance

Special chemical treatment and micro-structure control for long-term performance in harsh environments.

#### Optimised Chemistry

Controlled carbon, sulphur, and phosphorus levels ensure excellent weldability and consistent mechanical properties.

#### Eco-Conscious Engineering

Manufactured using cleaner production methods, lower emissions, and fully recyclable materials for sustainable building solutions.

### IDEAL APPLICATIONS

HIGH-RISE STRUCTURES

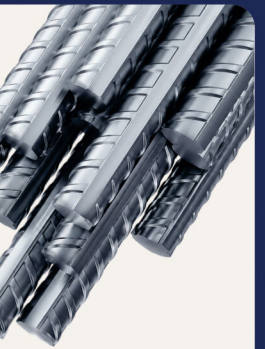

INDUSTRIAL SHEDS

BRIDGES

FLYOVERS

METRO STRUCTURES

CRITICAL RCC ELEMENTS

## MOIRA FE550 CRS TMT

**Advanced German CRS Technology.** As a key Brand Authorized Distributor, we supply **MOIRA FE550 CRS TMT Bars**, manufactured using refined German Corrosion Resistant Steel (CRS) technology. Bars are water-quenched at 1100°C, enabling the hot core to temper the surface through thermal exchange.

### TECHNOLOGY & KEY FEATURES

#### Advanced Alloy Composition

Enriched with balanced mixtures of Copper, Chrome, and Nickel, drastically improving ductility and offering superior resistance to atmospheric and ground-water corrosion.

#### Distinctive X-Rib Pattern

Ribs are made using precise CNC notch cutting machines. This ensures a 100% uniform pattern, allowing for double the bonding strength with concrete.

#### High Bendability

Capable of sharp elongation without compromising structural integrity, making them highly effective for creating seismic-resistant structures.

### IDEAL APPLICATIONS

COASTAL CONSTRUCTIONS

HIGH-SALINITY AREAS

MARINE STRUCTURES

INDUSTRIAL ZONES

## FINANCIAL STRENGTH & INFRASTRUCTURE

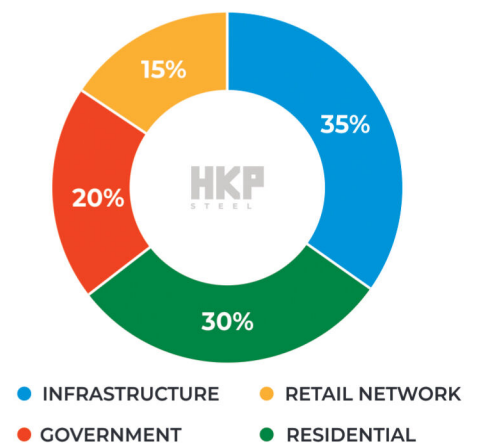

**HKP Steel operates with tremendous fiscal discipline and aggressive market expansion strategies.** Our financial strength allows us to secure massive inventories and ensure uninterrupted supply chains for mega-projects.

**CONTINUOUS GROWTH. STRONGER EVERY YEAR.**

### AHMEDABAD WAREHOUSE ADVANTAGE

Our massive stocked inventory at our central facility allows for immediate material availability, fulfills urgent short-notice requirements, and enables small-quantity supplies. This ensures all customers can easily adopt premium products without purchasing full truckloads.

## MAJOR BRANDS & CLIENTELE

In addition to our premium distributorships, we provide a complete spectrum of structural solutions, acclaimed by Government Departments, Corporate bodies, and Private Sectors.

We also distribute **UltraTech Cement**, the Engineer's Choice and the World's largest Cement Company. We integrate the best cement with our strongest steel for complete building solutions.

### AUTHORISED DISTRIBUTORSHIP
